NaviSkin S

Compact pouch for navigation devices

With DICOTA NaviSkin S mobile navigation devices are always stashed safely. The compact pouch manufactured from neoprene protects the mobile land maps up to a size of 110 x 80 x 25mm. In addition, the pouch features a special protection on the zipper that prevents scratches on the device. Small storage devices can easily be stowed in the mesh pockets on the inside of the pouch.
DICOTA NaviSkin is available in the sizes S, M and L, thus offering perfect protection for navigation devices, no matter what the size.

Main compartment for navigation devices with additional scratch protection. two small mesh pockets for accessories (storage media and such)
